

Arizona Perinatal Hepatitis B Program Update

**Effective January 30, 2013,
Hepatitis B birth dose vaccine is available
for privately insured children.**

**Due to a CDC policy change, the Arizona VFC
Program will resume supplying hospitals with the
universal Hepatitis B birth dose and HBIG for
privately insured children.**

**All VFC hospitals are permitted to give Arizona VFC
Program supplied hepatitis B vaccine and HBIG to
infants regardless of insurance status, but you must
screen every child for VFC eligibility.**

**VFC eligible children are:
uninsured, AHCCCS, and Native American/Alaskan
Native.**

**If you left the VFC program and would like to re-
enroll, please contact Rosita Davis at 602-364-3651 or
Rosita.davis@azdhs.gov.**

See ADHS website for additional information

**If you have any questions, please
contact Michelle Hanson at 602-364-
3638 or michelle.hanson@azdhs.gov.**
